Attention: Mr. Roland Barbazza, Sales Representative

Dear Roland:

Re: 4" Singer 106PR-R Valve

I would like to take this opportunity to thank you for your advice and assistance during the process of quoting and purchasing the above mentioned equipment. My crew installed the valve into the system last week. The job went very smoothly and the valve is now installed and working well.

I look forward to calling on you for future equipment purchases and projects.

Yours very truly,

Rob O'Donnell
Chief Operator - Lines
